

## **BLACKBURN GROUP QUALITY MANAGEMENT POLICY**

The corporate objective of Blackburn Group is to consistently deliver support services to the highest standards of quality that conform to client specified requirements and are executed within agreed timescales and to the client's satisfaction.

We are committed to delivering safe and efficient offshore, marine support and project management solutions by:

1. Complying with all applicable client and regulatory requirements.
2. Consistently exceeding our customer's expectations by giving the customer a central role in our quality process.
3. Maintaining the highest standards of asset and operational integrity.
4. Optimizing performance through operational discipline, compliance to procedures and cultivating a reliability culture in our operations.
5. Providing trained, competent and highly motivated workforce
6. Continuous improvement in the quality of products and services as well as continuous improvement in process performance.
7. Performing proper incidents investigations and determining nonconformities to prevent recurrence.

This policy is standard within the organization and is available to clients and interested parties. It is reviewed annually and updated when necessary.
